

# ECOMAX 801

## Hood Type Dishwasher

*Effective – Reliable – Affordable*

### Standard Features

- Easy to Use Controls
- Stainless Steel Integral Tank Filter - Easy to Clean
- Thermostop Protection - Guarantees Correct Rinse Temperature
- Low Operating Costs
- Short Wash Cycles
- Wash Chamber has no Welds
- Efficient Door Lifting System
- Rinse Aid Dispenser
- One Dish and Glass Rack, One Plastic Filter

# ECOMAX 801

## PATENTED HOOD LIFT SYSTEM

- Engineered with the operator in mind
- Hood lifting system is designed for easy and softer movement reducing operator effort
- Sound emission is reduced 50-75%

## WASH ARMS

- Patented "Equalizer" washing system uses independent stainless steel wash/rinse arms to reduce water consumption, electricity and detergent usage

## CONTROLS

- Electromechanical
- Thermostop feature can be activated on request
- Control buttons are few and very easy to use

## TOTAL CLEAN SYSTEM

- The Ecomax Total Clean System saves you time and money
- Patented drain system removes dirt from the wash water
- Wash chamber has no internal tubing with self-draining pump to avoid dirt
- Electronic control rapid heating system reduces heat-up time by 30%

Dimensions (cm)	Rack Dimensions (cm)	Max. Glass Height (cm)	Max. Dish Height (cm)	Suitable for 1/1 GN Trays	Tank Capacity (lt)
